## PARENTING MENTOR & HOME CONSULTANT

- Masters in Montessori Education - Loyola University
- Association Montessori Internationale - Birth to Six Years
- Positive Discipline Educator - Parent & Classroom

As Founder and CEO of Voilà Montessori, I mentor parents and caregivers on how to best prepare their homes and themselves to ensure that all children thrive while reaching their full potential during the first six years of life.

My belief is that a supportive and peaceful atmosphere at home will allow every child to become an independent and confident learner as they adapt to their time, place, and culture with ease. This endeavor has led me to speak both locally and internationally, where I combine three of my passions; the Montessori philosophy, Conscious parenting, and Positive Discipline.

My mission is to help parents and caregivers appreciate the true importance of their role - not as servants or teachers, but as supporters and guides of their children's natural development. [FULL BIO HERE >](#)
